

## Essential Elements

The Chemical Educational Foundation's® *You Be The Chemist* Essential Elements<sup>SM</sup> program is a professional development workshop designed to provide K-8 educators—our “essential elements” in education—with methods for teaching chemistry concepts through hands-on learning and real-world connections.

# Participate in a FREE Essential Elements workshop at your school!

## Bring Hands-On Science to K-8 Students!

*You Be The Chemist* Essential Elements workshops help build educator confidence in teaching hands-on science and provide you with the tools needed to do so. Learn more about how to participate in this exciting opportunity at your school!

If you are interested in bringing a free workshop to your school, please contact Ferleshare Starks at [fstarks@chemed.org](mailto:fstarks@chemed.org).

Please visit [www.chemed.org/programs/essential-elements/](http://www.chemed.org/programs/essential-elements/) for more information.
