

You Be The Chemist Challenge® Interactive Study Materials

The *You Be The Chemist Challenge*® study materials can be incorporated into classroom activities or used by students outside the classroom in preparation for the Challenge. This document includes links to access the academy and interactive study materials that can be shared with participants. The PDF version of the study materials can be downloaded from the CEF [website](#). While competition questions are largely derived from information contained in CEF's study materials, they are not limited solely to this information.
